

SweTree Technologies

Innovators in Forest Biotechnology

Sales

SweTree Technologies AB is the only authorized seller of plant material of SnowTiger poplars.

SnowTiger poplars are bred for commercial use in the countries around the Baltic Sea. The smallest amount that can be ordered is 1000 plants

In addition, SweTree can support you with advice concerning:

- Suitable poplar clones for your particular site and growing zone
- Preparations for planting
- Planting density
- Management of your plantation
